Zhongpeng Lin

linzhp • zplin

Technical Skills

Bazel, Go, Python, Java

Experience

Software Development

Bazel's rules_go and Gazelle open source projects **Seattle, WA, USA**
Maintainer *2021–present*

Uber Technologies, Inc **Seattle, WA, USA**
Software Engineer *2017–present*
Building the monolithic code repository for all Go services and libraries in Uber.
- Developing and optimizing Bazel and its build rules for Go
- Improving Git performance by creating a tool to manage Git sparse checkouts using Bazel queries
- Developing Gazelle and its extensions to generate Bazel rules
- Designing and implementing the collection, calculation and reporting for code coverage
- Optimizing Go's official mock generator
- Developing dependency manager based on Go modules
- Developing macros and improving Go support to Facebook Buck project

Microsoft Corporation **Redmond, WA, USA**
Software Engineer *2015–2017*
Building statistical models for the Windows build system, in order to detect abnormal processes, identify factors affecting build time, provide estimates for build time, and propose measures for Windows build performance at different granularity

Microsoft Corporation **Redmond, WA, USA**
SDET Intern *2014*
Built machine learning models to predict Windows build time and analyzed factors are most likely to cause build breaks

Google Inc. **Mountain View, CA, USA**
Software Engineering Intern *2013*
Developed a JavaScript fuzzer that generates random JavaScript to test Closure Compiler.

Academic Services

The International Conference on Mining Software Repositories (MSR)
Member of Program Committee *2017, 2020*

Information and Software Technology
Reviewer *2014 – 2015*
Reviewed manuscript No. INFSOF-D-14-00238 and INFSOF-D-14-00238R1

The Working Conference on Mining Software Repositories (MSR)
Reviewer *2014, 2012*
Reviewed Submission #10 and #19 in 2014, Submission #46 and #55 in 2012

The 35th International Conference on Software Engineering (ICSE 2013) **San Francisco, CA**
Student Volunteer *2013*

The 25th IEEE International Conference on Software Maintenance
Subreviewer *2009*
Reviewed Submission #157

Teaching

University of California **Santa Cruz, CA, USA**
Teaching Assistant *2011*
Courses: *Machine Learning and Data Mining*, *Introduction to Database Management Systems*, and *Introduction to Computer Science*

Education

University of California **Santa Cruz, CA, USA**
PhD, Computer Science, GPA: 3.89/4.00 *2010 – 2015*
- Thesis topic: Understanding and Simulating Software Evolution
- Research areas: Software evolution, software repository mining

Institute of Software, Chinese Academy of Sciences (ISCAS) **Beijing, China**
MS, Computer Software and Theory *2007 – 2010*

Xiamen University **Xiamen, China**
BS, Software Engineering *2003 – 2007*
